

Solar Photovoltaic Installation Permitting Checklist

This basic, pre-submittal checklist below contains the minimum information and project plan details required to be submitted to the City of Grand Marais when applying to install a solar photovoltaic (PV) system (residential or small commercial). The intent of using the checklist is to provide transparent and well-defined information to minimize the number of required revisions and expedite the application and review process.

The applicant (owner or system installer on behalf of owner) must complete the following steps:

- Complete the following permit application form:
 - [Land Use Permit](#)

- Assemble the following supporting documents:
 - Aerial Site Plan
 - Must include location of major components on the property that includes measurements of PV system from lot line.
 - Street View Site Plan
 - Provide an elevation profile sketch of the proposed PV installation.

- Assemble fees for land use permit, note the following:
 - Land Use Permit Fee: \$35 (may be higher based on size of system)
 - Fees are due upon submittal of application
 - Accepted methods of payment include: cash or check.

- Complete online interconnection application.
 - The application can be found on the city's website:
[NOVA Power Portal](#)

Timeline

The City of Grand Marais typically review land use permits within 10 days.
